Since 1978 Mercy Ships has performed services valued at more than \$1 billion, impacting more than 2.48 million people directly during more than 581 port visits in 54 developing nations and 18 developed nations. It is estimated that ONE BILLION people worldwide lack access to even basic health care. They are plagued by preventable disease, untreated illnesses and neglected injuries. Mercy Ships brings hope and healing to the forgotten poor by mobilizing people and resources worldwide, and serving all people without regard for race, gender, or religion. Mercy Ships are self-contained instruments of mercy that take highly qualified volunteers to the people who need them most. Mercy Ships donors are compassionate individuals that help support hospital ships that bring hope and healing to those in need.
